

CLEANING WITH

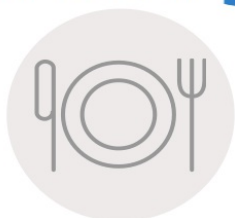

★ A JUG OF VINEGAR ★

CHROME

Spray sink fixtures and wipe with a dry cloth.

Weekly

DISHWASHER

Refill the rinse aid with vinegar.

FINGERPRINTS

Wipe stainless steel appliances in the direction of the grain with soft cloth dampened with vinegar.

SHOWER

Wipe off water spots on glass shower doors.

TOILET BOWL

Drizzle a cup of vinegar into the toilet bowl. Let sit. Swish and flush.

MICROWAVE

Wipe down interior of microwave with a couple tablespoons of vinegar and warm water

★ As Needed ★

□ Clean windows with ½ vinegar + ½ water in spray bottle. Dry with newspapers.

□ Fill glass vases with water and vinegar. Let soak before a washing.

□ Soak silverware in vinegar and water. Dry with a soft cloth.

□ Mop ceramic tiles with a splash or two of vinegar in a bucket of warm water.

□ Cut grease and dirt scum on top of the oven fan and top of refrigerators. (Great on gunky scissor blades as well.)

□ Spray water and vinegar into lunch boxes at the end of the week and let dry.

□ When emptying the trash, and before replacing the bag, spray or wipe a little vinegar into the trash can.

Monthly

Pour ½ cup of baking soda followed by a cup of vinegar into sink drains. Rinse with hot tap water

Dampen a ripped old cotton t-shirt with vinegar and use to clean the slats of blinds

Goo, gunk and price tags that just won't come off? Apply vinegar and scrape off.

Run a cup of vinegar through the dishwasher on a normal cycle to deodorize and clean.

Combine ½ cup vinegar with 2 cups water and wipe down piano keys with soft cloth.

Wipe down ceiling fan blades.
